# Apple Health Renewals

# Apple Health (Medicaid) Renewals

For individuals receiving Apple Health MAGI Medicaid\* through Healthplanfinder:

- 60 days prior to an Apple Health recipient's renewal due date, the Healthplanfinder system captures the individual's original application and determines whether he or she is eligible for auto-renewal
- Individuals will be notified whether they have been auto-renewed or that they could not be auto-renewed and must complete a manual renewal

\*MAGI Medicaid: Family, Children, Pregnancy and Adult medical programs

# Auto-Renewal Vs. Manual

## **Auto-Renewal**

- Automatic renewal after automated data-match
- No additional information needed by recipient
- Recertified for twelve months

## **Manual**

- Cannot confirm eligibility via automated data-match
- Data-match finds household above Medicaid standard
- Individual must manually complete their renewal

# Auto-Renewal

# Auto-Renewal

If the original application is determined to be eligible for auto-renewal:

- The individual will be sent a pre-populated notification (**Healthplanfinder-EE008**) that summarizes their account, household composition, tax filing status, and other application-related information.
- The EE008 notification will inform the individual that their Washington Apple Health determination and enrollment has been renewed for 12 months.

# Auto-Renewal

The notification informs the individual they must review the information carefully.

Incorrect information must be corrected by reporting required changes:

- Online at [www.wahealthplanfinder.org](http://www.wahealthplanfinder.org)

- Make changes to the document received, sign and return via:
  - Mail: PO Box 946, Olympia, WA 98507
